

Programme

18th-19th December 2013

University of Southern Denmark

Day 1: Wednesday, December 18 Advanced topics in choice modelling with Prof. William Greene (joint with PhD course) <i>Room: 20</i>
Time 08.30-9.00
Registration and coffee
Time 9.00-9.05
Welcome
Time 9.05-10.30
More advanced models: Scale adjusted LC models, WTP space models, models applied for best-worse data etc. <i>With Professor William Greene, Stern School of Business, NYU</i>
Time 10.30-11.00
Coffee break
Time 11.00-12.00
Hybrid choice models - the integration of latent variable and choice models <i>With Professor William Greene, Stern School of Business, NYU</i>
Time 12.00-13.00
Lunch Restaurant Campus
Time 13.00-16.00
PhD workshop <i>With coffee break</i>
Time 19.00-
Dinner at Restaurant Kvægtorvet

<p>Day 2: Thursday, December 19 Workshop day Room: 99</p>
<p>Time 9.00-9.30</p>
<p>Registration and coffee</p>
<p>Time 9.30-9.35</p>
<p>Welcome</p>
<p>Time 9.35-11.00</p>
<p><i>Key note speaker</i> Professor Stephane Hess, University of Leeds Maximise your utility by minimising regret: contrasts between two behavioural paradigms</p>
<p>Time 11.00-11.15</p>
<p>Coffee break</p>
<p>Time 11.15-12.05</p>
<p>Paper presentations Time 11.15-11.40 The Effects of Experience on Preference Uncertainty: Theory and Empirics for Public and Quasi-Public Environmental Goods <u>Mikołaj Czajkowski</u>, Nick Hanley and Jacob LaRiviere Time 11.40-12.05 You can't always get what you want – East and West Germans' attitudes and preferences regarding the welfare state <u>Christian Pfarr</u>, Andreas Schmidt and Volker Ulrich</p>
<p>Time 12.05-13.00</p>
<p>Lunch Restaurant Campus</p>

Time 13.00-15.45

Paper presentations

Time 13.00-13.25

Consumer Preference and Negative Environmental Information

Xianwen Chen, Frode Alfnes and Kyrre Rickertsen

Time 13.25-13.50

**Investigating the Influence of Choice Task Complexity on the Choice of the Status Quo Alternative:
An example from environmental Valuation**

Malte, Oehlmann, Priska Weller, and Jürgen Meyerhoff

Time 13.50-14.15

An Integrated Choice and Latent Variable Approach to value reliability of irrigation service: Accounting expectations of respondents

Habtamu Tilahun Kassahun, Charles F. Nicholson, Jette Bredahl Jacobsen, Tammo S.

Coffee break

Time 14.35-15.00

The influence of time-of-day and expected blood sugar levels on the quality of responses in stated choice experiments

Søren Bøye Olsen, Morten Raun Mørkbak, Ulf Liebe, Jürgen Meyerhoff

Time 15.00-15.25

Easy and flexible mixture distributions

Mogens Fosgerau and Stefan Lindhard Mabit

Time 15.25-15.50

Status quo stickiness and the effect of panel condition

Jacob Ladenburg

Time 15.50-16.00

Evaluation and goodbye
