

PhD defense

by

Yadong Deng

Defense title:

““**Plasmonic optical metasurfaces for passive and active wavefront shaping**””

Date: 27. th September 2024
Place: EllehammerØ28-600-3/<https://syddanskuni.zoom.us/j/67351236701?pwd=eXr8b3wTpMQQLMOM32NDwqWym2obQ0.1>
Time: 13:00

Chairperson:
Associate Professor **René Lynge Eriksen**, SDU NanoSyd, The Mads Clausen Institute, University of Southern Denmark

Supervisor:
Associate Professor **Fei Ding** and professor **Sergey Bozhevolnyi**, SDU NanoOptics, The Mads Clausen Institute, University of Southern Denmark

Evaluation Committee:
Professor **Maria Kafesaki**, Foundation for Research and Technology Hellas (FORTH), Institute of Electronic Structure and Laser (IESL) and University of Crete, Departement of Materials Science and Engineering, Greece

Professor **Sanshui Xiao**, Departement of Electrical and Photonics Engineering, Quantum Photonics of Low-dimensional Systems, NanoPhoton, Center for Nanophotonics, Technical University of Denmark

Chairman: Associate Professor **Jonas Beermann Kristiansen**, SDU NanoOptics, The Mads Clausen Institute, University of Southern Denmark
