**Felix Boel**

## *Understanding Obesity Using Proteomic Approaches*

*Thesis title:*

*Decoding Obesity: Deep Proteomic Profiling of Tissue Plasticity*

Monday 16 September 2024 at 10 am  
in BMB Seminar Room

**Assessment committee:**

Associate Professor Lars Grøntved (chairman)  
Department of Biochemistry and  
Molecular Biology  
University of Southern Denmark

Professor Lars Juhl Jensen  
Novo Nordisk Foundation  
Center for Protein Research  
University of Copenhagen

Professor Jörn Dengjel  
Department of Biology  
University of Fribourg, Switzerland

**Supervisor:**

Professor Blagoy Blagoev  
Department of Biochemistry and  
Molecular Biology  
University of Southern Denmark
